## **PRINCIPLES**

We aim to provide a stimulating learning environment across the whole curriculum which maximises individual potential and ensures that students of all ability levels are well equipped to meet the challenges of education, work and life.

This will be achieved by:

- designing a curriculum to promote a full range of learning, thinking and life skills; providing a broad, balanced and relevant curriculum;
- using flexible and responsive teaching and learning styles;
- equipping students with the skills, knowledge and attitudes necessary to succeed as individuals and as responsible and valued members of society;
- developing a close partnership with the whole community, particularly parents
- ensuring an environment of respect where homophobia, biphobia, transphobia and sexism are unacceptable

We aim to provide a differentiated curriculum that meets the needs of all students, individuals and groups by:

- setting suitable learning challenges;
- responding to students' diverse learning needs;
- overcoming potential barriers to learning and assessment

We aim to provide a happy, healthy and safe school by:

- recognising, reflecting and celebrating the skills, talents, contributions and diversity of all our students;
- providing high quality pastoral care, support and guidance;
- safeguarding the health, safety and welfare of students;
- listening and responding to the concerns of children and parents;
- taking care to balance the needs of all members of the school community;

We secure inclusive education for our students by reviewing and evaluating what is done by asking ourselves the following questions:

- does each student achieve as much as they can?
- are there differences in the achievements of different groups of students?
- what is in place for students who are not achieving their potential?
- are our actions effective?
- are all our students happy to be in school?

All members of our school community are valued and are offered wide ranging opportunities to enable high standards of achievement. We listen to our staff to ensure they have the necessary support and guidance to be happy at work.

All policies within the school support inclusion and are reflected in the school development plan. These include Admissions, Attendance, Behaviour for Learning, Equality and SEND code of practice. The practice within school reflects our inclusive ethos from individual lesson planning responding to student diversity to material resources being used to support learning and participation for all.
